

East Bay open space map colored by agency

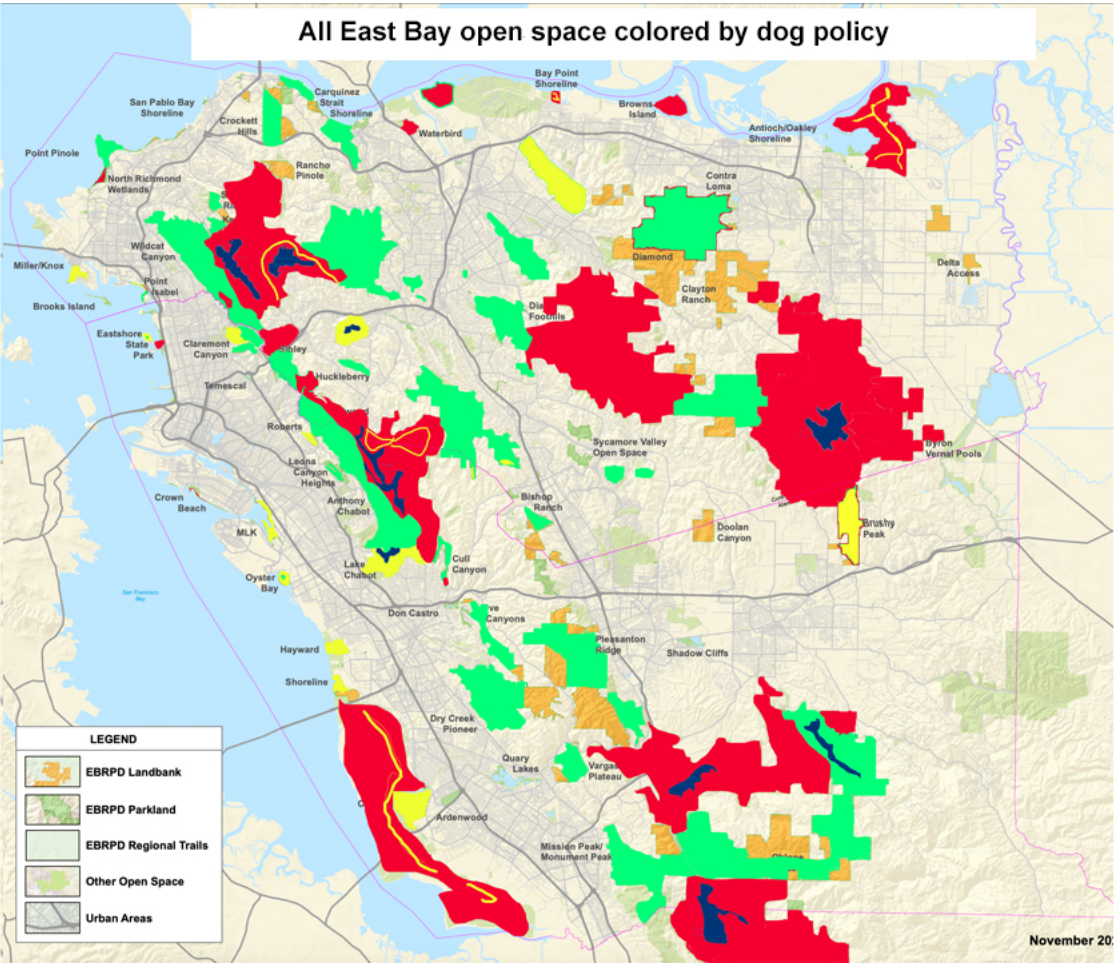

Dogs off Leash

Dogs on Leash

No Dogs

On Leash Trail
limited trail in otherwise
no dog area

Landbank

Acreage open to dogs in EBRPD

Many smaller and specialized parks out of the scope of this project. The large parks that are open with hiking trails generally allow dogs off-leash if under control in undeveloped areas more than 200 ft from parking lots and developed areas etc. They are not allowed in marshes, beaches, and must be on leash when grazing animals present.

Exceptions to this where no dogs allowed:

- Round Valley
- Vasco Caves
- Tilden Nature Area
- Huckleberry
- Ohlone Wilderness

Dogs on leash

- Brushy Peak
- Stream Trail section of Redwood
- Miller Knox
- Most parks fronting on the Bay and the River except Point Isabel and Point Pinole

Recreation and Dog Policies other Agencies or Organizations

Mt. Diablo State Park- no dogs on trails

Marsh Creek State Park- not open to public

EBMUD- limited hiking trails open by permit only, two or three trails allow dogs on leash
recently opened two trails to bicycles

CCWD- trails at Los Vaqueros, no dogs

SFPUC- no recreation "Don't Even Think About It"

John Muir Land Trust- generally open to off-leash dogs, voice control

Save Mt. Diablo- not open to public except for guided walks, volunteer activities etc

WCOS- generally dogs off leash with voice control

Moraga OS- dogs off-leash in part

Don Edwards- No dogs in marsh or most trails, a couple of trails open to dogs on-leash

- Land Trusts
 - SMD 2724
 - JMLT 3500
- Other
 - Don Edwards/Eden Landing 30,000 approximately 1/3 in Alameda County

Totals EBRPD 122,024

other open space 113,875

What Would We Like To See?

- 1) That the dog policies in Ordinance 38 be continued in the existing parks and in any landbank areas not covered by the HCP or other conservation instruments, that is, that dogs be allowed off-leash when in control of their owners.
- 2) That the areas that are covered by the HCP allow dogs on-leash during daylight hours except in marshes or other very sensitive areas.
- 3) That a recreation ombudsman or other representative be involved in the planning process at an early stage so that recreational interests are represented.
