

Healthy Parks Healthy People

March 28, 2023

Greetings park supporters,

Thank you for signing up for the Briones Pilot Project interest list. The East Bay Regional Park District will begin the Briones Pilot Project on **Friday, April 21, 2023**. This nearly two-year pilot program will test a variety of strategies to manage trail use and natural resources in the approximately north-eastern 1/3 of Briones Regional Park.

Project staff have a few updates to provide including:

- An updated [project zone and trail map](#)
- An updated list of [Frequently Asked Questions](#) (FAQs)
- A February 25 meeting [follow-up message](#) from Deputy General Manager Jim O'Connor
- A [Rules Memo](#) which outlines the temporary changes to park policies and regulations during the pilot program

General information and updates can be found on the pilot project webpage at <https://www.ebparks.org/parks/briones/briones-pilot-project>.

The Park District looks forward to working with community members and park users to test new trail use strategies, protect natural resources, and receive feedback on the Briones Pilot Project's implementation. Updates will be provided periodically through this e-mail distribution list and via the project webpage.

Sincerely,
EBRPD project staff
