Park Features: Reinhardt Redwood Regional Park and the adjacent Roberts Regional Recreation Area feature diverse recreational opportunities including multi-use trails, a lifeguarded pool, archery range, picnic sites, and overnight campgrounds. The park contains the largest natural stand of coast redwood in the East Bay; the serenity and beautifully lighted landscapes of these forests are unmatched in the region.

Trail Highlights: Most of this loop is a narrow gauge trail for hikers and equestrians only and features several hundred feet of elevation change, making it a uniquely challenging trek through the redwoods. The early portion of the hike features many amenities including picnic sites, water, and restrooms to prepare for the difficult French Trail climbs.

Trail Directions: From the Canyon Meadow Staging Area, head 1.97 miles northwest on Stream Trail along Redwood Creek, then turn left onto Tres Sendas Trail. Stay on Tres Sendas for .32 miles, going straight at the first turnoff for French Trail, then left at the second fork for French Trail. Follow French Trail back across the park for 3.41 miles, turn left downhill onto Orchard Trail toward Redwood Creek for .37 miles. Go left at the connection with Bridle Trail for .20 miles and take a right at Fern Dell Meadow to take Stream Trail back to the staging area for .28 miles.

Driving Directions: From Hwy. 13 north: Take exit 1 for Carson St. toward Redwood Rd. and go straight at the stop sign onto Mountain Blvd. At the light, make a sharp right onto Redwood Rd. and continue for three miles before turning left into the park.

From Hwy 13 south: Take exit 1 for Redwood Rd. toward Carson St.; turn left onto Redwood Rd. and follow for three miles before turning left into the park.

RESOURCE PROTECTION AREA:
CREEK RESTORATION IN PROGRESS. To protect the creek habitat, no dogs or people are allowed in the creek or on the creek banks. Dogs must be on leash.

NO PILES BEYOND THIS POINT
